

**ST PETER'S  
COLLEGE**

UNIVERSITY OF OXFORD

### **Suggested wording for a UK legacy giver**

*"I give to the Master and Scholars of the College of St Peter le Bailey in the University of Oxford [.....] with the request that it be used [for the benefit of the General Endowment Fund/with the request that it be used for such purposes in connection with the College of St Peter le Bailey as the trustees in their absolute discretion think fit/with the request that the funds be used for ..... ]. I direct that the receipt of the Master for the time being of the College or a College Officer designated by the Master shall be a sufficient discharge to my executors."*

Please let the Development Office know if you wish to discuss making a bequest for a particular purpose (for example, to support a bursary or Fellowship). As times change unpredictably, the most useful bequests are those for *"the general educational purposes of the College"*.

The College particularly welcomes gifts of the residue of an estate (or a specified proportion) as the value of this type of benefaction is unaffected by inflation. A gift of a specified sum of money (known as a pecuniary bequest) and a bequest of a particular item (known as a specific bequest) are of course welcome, although it should be borne in mind that the value of a pecuniary bequest decreases with inflation unless a Will is kept up-to-date.

You may find it helpful to know that St Peter's is a registered charity in England and Wales (No. 1143166). This means that gifts by will to St Peter's are completely free of inheritance tax.
