

MT21 – Covid-related protocols

1. Face Coverings:
 - a. Carry a **face covering** at all times and use this as requested by College staff or tutors (unless you are exempt).
 - b. The use of face coverings is encouraged in larger gatherings.
 - c. Face coverings **must** be worn on entry to Hannington Hall and whilst queuing for the servery and finding a seat. Face coverings should also be worn while exiting the Hall.
2. Continue **social distancing** where possible.
3. Keep rooms with multiple occupants **well ventilated**.
4. Wipe down shared surfaces after use (including bathrooms, kitchens, desks and chairs in the Library) and hand-sanitise frequently.
5. Test yourself twice a week using LFD tests which you can collect from the Porters' Lodge.
6. **If you have Covid-like symptoms or test positive on an LFD test:**
 - a. Self-isolate immediately.
 - b. Book a PCR test via www.ox.ac.uk/coronavirus/health/covid-testing.
 - c. Contact covid@spc.ox.ac.uk to alert the College to your situation.
 - d. Follow all instructions you are given by the Testing Service, the College and NHS Test and Trace.
7. Be aware that whilst SPC is not currently allocating students to household groups, this system will be introduced if required.
8. Read your SPC emails regularly (at least daily) and respond when requested.
9. Share any worries with others, or [the Welfare Team](#). Support those around you; they may be more vulnerable or anxious than you.
